Some FAQ

When booking flights Keep this in mind..... Please check with Malena on Recommended flights.

Our 7 day dive trips shove off at 3 pm each Saturday. The gates open to begin boarding at noon on Saturday.

The weekend dive trips depart Saturday at 3 pm with boarding beginning at noon. The return to dock is Tuesday evening with disembarkation by 9 am on Wednesday morning.

Passengers that arrive early to Nassau are asked to wait until after 12 p.m., as we are not prepared to receive guests until this time. If passengers have overnighted in Nassau prior to boarding, then please check your luggage with the front desk if you must check out prior to noon. Shop or relax poolside until noon so that you can arrive at our docks after we open for business! All passengers disembark by 9 am on the following Friday..

Do I need a passport? All travelers to the Bahamas need a passport. Book your air tickets with your name as it appears exactly on your passport. Check with the Bahamas Embassy for visa requirements if citizenship is not US by visiting this [link](#).

How do I get to Nassau, New Providence in the Bahamas? NAS is the airport code for Nassau's international airport. Many major carriers fly into Nassau, most of them with very competitive fares.

How do I get to the docks? Taxis are readily available from the airport. The ride is approximately 30-40 minutes travel time from the airport to our docks. We are located at the Nassau Harbor Marina on Bay Street. It is not that far mileage wise, but you only go around 25 miles per hour, slow down, Mon! You are on island time now ;-). If you would like us to make ground transfer arrangements for you, we can do so!

What time will we sail? We set sail at 3 pm. The dock gates open at noon on Saturdays. All passengers disembark by 9 am on the following Friday. If you have a flight later in the day out of Nassau, you may leave your luggage with us while you sightsee and return 2 1/2 hours prior to your flight's departure to retrieve your bags.

What are the meals like? 3 complete meals are served daily, as well as snacks and fresh fish in season, when caught. There is always a hammock of fresh fruits for those between meals snacks. A selection of beverages is always on hand, from soft drinks and lemonade to beer, wine and rum punch-all included in the price of your cruise!

Can I fish? Yes, all the fishing gear is provided and our cook encourages it! Whatever we catch that is edible is cooked for passengers or used for sushi! The rest is saved for the chumline and the shark feeding dive. Just keep in mind that we spend a bit of time within the limits of the Land and Sea Park which is a marine sanctuary. There is no fishing or taking of any kind while we are within the park boundaries. Otherwise, we are happy to fish and spearfish!

How much spending money do I need? You will need spending money for an evening ashore (drinks, souvenirs) and crew tips (15% recommended). You might note some of the smaller Bahamas Out Islands do not accept major credit cards. The currency of the Bahamas is the Bahamian Dollar which is on par with the US dollar and is used interchangeably. We accept Visa, MC, and Discover for boutique item charges and crew tip.

What is the recommended gratuity? The live-aboard business is a service industry, and although the general public is seldom aware of it, gratuities are a major part of a crewmember's salary. Few other recreational activities rely so heavily upon the professionals in charge for your enjoyment and safety. A gratuity of 15% is customary, but many leave more when they feel the service was outstanding. If you are disappointed with the service, you should inform the Captain of your feelings right away so he may rectify the situation.

Any more question please contact Malena or Bob at Chesapeake Bay Diving Center
